

LOOKING FOR DIGITALIZED ASSET MANAGEMENT PLANNING?

24/7 Connected services family is growing

Increase your accuracy and visibility to asset maintenance budgeting while improving end users' experience. KONE 24/7 Connect works with 24/7 Planner to provide you with a 5 year plan that keeps you informed on the condition of your equipment and helps you make better asset management decisions. The plan is created based on your priorities, expert inspections and the data on your equipment's condition. It's updated regularly and comes with real-time insight into the health of your assets.

Planner reduces the time you spend reacting to unplanned repairs

Helps you select which assets to invest in and keeps you focused on value-adding tasks

Easier to convince decision makers about the importance of necessary work

Predictive replacements and upgrades can prolong an equipment lifetime and reduce unpredicted call-outs and repairs

Smart features attract new tenants and increase the value of your property
